Eastern India's Most Trusted Civil Services Institute

তুমি Prelims-এ নিজেকে prove করেছ।

এবার আসল যুদ্ধটা শুরু।

"Syllabus শেষ করেছি। Notes বানিয়েছি। GS I-VI বারবার পড়েছি। তবুও Mains-এ marks আসছে না... কেন?"

Because factual preparation alone has never created a Group A rank.
This programme is for aspirants confident of clearing Prelims — and determined to win the Mains.

THE STRATEGY

Where Ranks Are Actually Won

A paper-by-paper look at the WBCS Mains scoring architecture

Every aspirant confident of clearing Prelims arrives with roughly the same factual foundation. The Group A merit list is decided by who understood which papers allow a decisive lead and then prepared for them with intent.

Papers III & IV — The Safe Baseline

GS-I & GS-II | Typical Scoring Band: 110–130 / 200

History, Geography, Science, Current Affairs — most aspirants cluster tightly in this band. The breadth of the syllabus makes a decisive lead nearly impossible. Your goal is to defend marks here, not gamble for extraordinary scores.

Game Changer #1 — Paper VI

Arithmetic & Analytical Reasoning | Target: 165–180 / 200

This is where top rankers separate from the field. The paper is formula- and logic-driven, and a 50–55 mark lead over the average aspirant in a single paper is consistently achievable with structured training. This paper alone can be the difference between Group A and Group B.

Game Changer #2 — Paper V

Polity, Economy & RBI Operations | Target: 135–145 / 200

Aspirants who treat the Constitution as broad reading, or confuse Money Market and Capital Market instruments, lose 30–40 marks through negative marking. Toppers pinpoint exact articles, recent judicial pronouncements, current RBI circulars, and scheme-type MCQ patterns. Precision — not volume — scores.

The Hidden Differentiator — Papers I & II

Descriptive Bengali & English | Target: 130–140 / 200

Most aspirants treat these as language formalities and score 90–100. Toppers treat them as administrative communication exercises — formal letters, editorial reports, essays, précis, grammar-based MCQs — and consistently score 30–40 marks above the field. This gap is almost entirely a technique problem, not a knowledge problem.

UTKARSH is designed around this exact arithmetic. Every session, every drill, every hour is targeted at the papers that move ranks.

THE PROGRAMME ARCHITECTURE

150 Hours. 5 Phases. One Rank.

No foundational lectures. No repeated basics. High-yield execution from Session 1.

Phase 1 — The Descriptive Power-Up — Papers I & II

42 Hours · Target: 130–140 marks through structural precision and grammar accuracy

Sessions	Content	Hours
Sessions 1–4	Formal & Informal Letter Writing and Editorial Reports — mastering the full range of letter formats (formal, official, editorial) and report structures on social issues; correct tone, layout, and addressee conventions that examiners reward.	8 hrs
Sessions 5–8	Essay & Composition Writing — argument-led essays and compositions with clear central propositions, logical paragraph progression, and examiner-aligned conclusions; avoiding descriptive sprawl that fills pages without earning marks.	8 hrs
Sessions 9–12	The Précis Extraction Technique — compressing narrative and reflective passages by exactly one-third without losing structural vocabulary; eliminating the common trap of changing meaning while reducing length.	8 hrs
Sessions 13–14	High-Yield Translation — idiomatic Bengali-to-English and Hindi-to-English conversion; eliminating literal word-for-word errors that destroy fluency and cost marks on the translation component.	4 hrs
Sessions 15–17	Grammar Mechanics Sprint: English tense identification, active and passive voice, sentence correction, one-word substitution, idiom and phrase replacement. Bengali grammar: সন্ধি, সমাস, কারক, বাগধারা. Targeting the 30–40 mark objective grammar component confirmed as a high-frequency section.	6 hrs
Sessions 18–19	Live Answer Review and Blunder Audit — real-time evaluation by West Bengal faculty identifying precisely where marks leak across letter, essay, précis, translation, and grammar questions.	4 hrs
	Phase 1 Total	42 hrs

Phase 2 — The Tactical Marks Maximiser — Paper V

41 Hours · Target: 135–145 marks through precision and elimination discipline

Sessions	Content	Hours
Sessions 20–26	Deep Constitutional Articles and Landmark Judiciary — Preamble, Fundamental Rights (Art. 12–35), DPSP, Centre–State relations (Art. 254), Supreme Court jurisdiction (Art. 131–136, 226); landmark cases including Keshavananda Bharati, Minerva Mills, Maneka Gandhi, and Balaji reservation cases; judicial pronouncements from the past 24 months.	14 hrs
Sessions 27–28	Panchayati Raj, Local Governance and Constitutional History — 73rd and 74th Amendments, Thungon Committee recommendations, 3-tier	4 hrs

	Panchayat structure, Election Commission structure, Regulating Act 1773, and Supreme Court at Calcutta; all confirmed recurring PYQ clusters across WBCS Mains.	
Sessions 29–33	The Economy and RBI Operational Blueprint — monetary policy tools (CRR, SLR, Repo), fiscal deficit architecture, central and state budget frameworks, devaluation and BoP effects, nominal vs real exchange rates, demonetisation 2016, labour codes, Tendulkar poverty line, and inflation impacts on creditors.	10 hrs
Sessions 34–35	Poverty Alleviation Schemes and Welfare Programme Identification — IRDP, PMGAY, NRLM, Ayushman Bharat (health insurance vs poverty alleviation distinction); scheme-type MCQ elimination technique for questions of the pattern ‘Which is NOT a poverty alleviation programme?’	2 hrs
Sessions 36–37	Money Market and Capital Market — dedicated treatment of instruments (T-bills, CPs, CDs, Call Money, LAF), regulators, and operational mechanics; the segment where aspirants confuse terminology and drop avoidable marks on statement-based questions.	6 hrs
Session 38	High-Density MCQ Drill and Elimination Tactics — training to accurately eliminate options in complex statement-based constitutional and economic questions; building the negative-marking discipline that protects 15–20 marks per paper.	5 hrs
	Phase 2 Total	41 hrs

Phase 3 — The Rank Escalator — Paper VI

35 Hours · Target: 165–180 marks under clock pressure

Sessions	Content	Hours
Sessions 39–46	Advanced Arithmetic Speed-Runs — shortcut methods for percentage, profit & loss, time–speed–distance, ratio–proportion; Mensuration, Geometry (circle arc and angle, cube surface area), Quadratic Equations, Permutation and Combination, Arithmetic Mean; target under 45 seconds per question across all arithmetic types.	16 hrs
Sessions 47–52	Logical and Analytical Deduction Engineering — puzzle matrices, blood relations, syllogisms, coding–decoding, number series wrong-term identification, alphabet series, word and letter analogy, direction-sense tests, calendar problems; all confirmed high-frequency patterns.	12 hrs
Sessions 53–55	Data Sufficiency and Non-Verbal Speed Drills — multi-statement reasoning, Venn diagram survey questions, diagrammatic inference traps; eliminating time-wasting patterns that cost 15–20 marks even when the underlying logic is understood.	7 hrs
	Phase 3 Total	35 hrs

Phase 4 — Core GS Optimisation and West Bengal Dynamics — Papers III & IV

32 Hours · Target: 110–125 marks; WB-specific edge over out-of-state aspirants

Sessions	Content	Hours
----------	---------	-------

Sessions 56–58	Indian History Sprint: Ancient India — Harappan civilisation, urban network, trade with Mesopotamia; Medieval India — Mansabdari system, Mughal–Rajput relations, Aurangzeb succession crisis; Modern India — INC founding, Dadabhai Naoroji, Home Rule, Simon Commission, Cabinet Mission sequence; statement-based and sequencing question patterns.	4 hrs
Sessions 59–61	Bengal Revolutionary History: Alipore Bomb Case 1908 and C.R. Das's defence of Aurobindo Ghosh; Jatin Das and the 63-day hunger strike; Abhinava Bharat and Ganesh Savarkar; Haripur Session 1938 and Bose's presidency; HSRA and the Central Assembly bomb 1929; all confirmed recurring clusters in the WBCS Mains History section.	4 hrs
Sessions 62–67	West Bengal-Specific Geography — political and administrative geography, climate systems, soil types, natural vegetation zones, and the agriculture map of the state; WB districts at Independence, Jharkhand as the longest border state, literacy rate, Howrah–Hooghly railway 1854, Damodar Valley coal reserves.	12 hrs
Sessions 68–75	Science, Technology and Environment — IT and Computing (MICR, WAN hardware, SHF wavelengths), Nanotechnology, Space Technology (VSSC, IGCAR Kalpakkam), Biotechnology (Bt-brinjal, transgenic tobacco 1983, animal cell culture for vaccines), Medical Science (Artemisinin–malaria, Hepatitis E), Environment (Minamata and mercury, 18 biosphere reserves), AI and Broadband Technology.	12 hrs
	Phase 4 Total	32 hrs

Phase 5 — WB Schemes, Current Affairs and Revision — All Papers

Final Week · Consolidation, Mock Test and Dissection

Sessions	Content	Hours
Sessions 76–79	WB Flagship Schemes and Current Affairs Consolidation — state welfare schemes including Sabooj Sathi (Class IX–XII), new government medical colleges, industrial policy updates, and the highest-yielding national and international events from the past 12 months, mapped to specific paper relevance.	4 hrs
Final Sessions	Full-Length Mock Test across all 6 papers + Group Dissection + Final Doubt Session — consolidated revision under exam conditions with time-management calibration.	Included
	Programme Total	150 hrs

THE EXECUTION PLAN

Schedule, Scoring Targets & Test Series

Session Schedule — Phase Overview

Phase	Paper Focus	Session Highlights
Phase 1 42 hrs	Papers I & II	Letters, essays, précis, translation, grammar mechanics, live evaluation (Sessions 1–19)
Phase 2 41 hrs	Paper V	Constitution, Economy, RBI, Panchayati Raj, scheme economics, Money & Capital Markets, MCQ drills (Sessions 20–38)
Phase 3 35 hrs	Paper VI	Speed arithmetic, mensuration, geometry, quadratics, logical reasoning, analogy, direction-sense (Sessions 39–55)
Phase 4 32 hrs	Papers III & IV	History sprint (Ancient/Medieval/Modern/Bengal revolutionaries), WB Geography, Science & Tech (Sessions 56–75)
Phase 5 Final week	All Papers	WB Schemes, Current Affairs consolidation, full-length mock test, group dissection, final doubt session (Sessions 76–79)

Recording Access: All live class recordings remain accessible on the student portal until the conclusion of WBCS Mains 2024 — so no session is ever truly missed.

Programme Scoring Targets

The targets below are calibrated against the WBCS Mains scoring patterns of Group A and Group B qualifiers. A diligent candidate completing all five phases is projected to score in the 780–855 range on the written papers, placing them firmly in Group A competitive territory.

Paper	Marks	UTKARSH Target	Key Focus Area
Paper I — Bengali	200	130–140	Grammar Mechanics + Précis + Administrative Writing
Paper II — English	200	130–140	Grammar + Vocabulary MCQ + Essay + Translation
Paper III — GS-I (History + Geography)	200	110–125	History Sprint + WB-specific Geography
Paper IV — GS-II (Science + GK)	200	110–125	Science & Technology depth across 10 domains
Paper V — Polity + Economy + RBI	200	135–145	Panchayati Raj + Schemes + Money & Capital Markets
Paper VI — Arithmetic + Reasoning	200	165–180	45-second discipline + full question-type coverage
Total Written	1200	780–855	Group A competitive zone when combined with Personality Test

Group A merit-list qualifying aggregate (Written + Personality Test): approximately 950–1020 / 1200 based on recent result trends.

The 32-Test Advantage — APTI PLUS Mains Test Series 2024

Success in WBCS Mains is not built in one sitting. Every APTI PLUS test acts simultaneously as study, revision, self-assessment, and an improvement benchmark.

Paper	Key Areas Tested	Test Coverage
General Studies – I	Indian History, National Movement (including Bengal revolutionaries), Geography of India and West Bengal	4 Sectional + 2 FLTs
General Studies – II	Science & Technology, Environment, GK and Current Affairs with special reference to West Bengal	4 Sectional + 2 FLTs
Constitution & Economy	Constitution, Governance including Panchayati Raj, Indian Economy, RBI and Financial Institutions	4 Sectional + 2 FLTs
Arithmetic & Reasoning	Arithmetic, Analytical Reasoning, Data Sufficiency, Logical Deduction, Puzzles, Analogy, Non-Verbal Reasoning	4 Sectional + 2 FLTs
Bengali Language	Report Writing, Letter Writing, Précis, Composition, Translation and Grammar including সন্ধি , সমাস , কারক , বাগধারা	4 Sectional + 2 FLTs
English Language	Report Writing, Letter Writing, Précis, Composition, Translation and Grammar including tense, voice, vocabulary and idioms	4 Sectional + 2 FLTs
Total	20 Sectional Tests + 12 Full-Length Tests	32 Tests

Choose Your Programme

UTKARSH is available in two versions. Both share the full 150-hour teaching programme and live class recordings. The difference is the Mains Mock Test Series and personal mentorship access.

Feature	UTKARSH [Class only]	UTKARSH [Mentorship + Test Series]
150-Hour Crash Course (live + recorded)	Yes	Yes
All live class recordings till Mains 2024	Yes	Yes
Grammar Mechanics Sprint (Phase 1)	Yes	Yes
Panchayati Raj and Scheme Economics (Phase 2)	Yes	Yes
History Sprint — Ancient, Medieval, Modern and Bengal (Phase 4)	Yes	Yes
Examiner-level answer evaluation	Yes	Yes
Doubt support (batch-level)	Yes	Yes
WB-specific faculty sessions	Yes	Yes
WBCS Mains Mock Test Series (32 tests)	No	Yes
Samiksha PYQ Workbook (Mains + Prelims)	No	Yes
Personal mentorship sessions	No	Yes
Personalised strength–weakness mapping	No	Yes
Framework and brainstorming workshops	No	Yes
Mode	Online + Offline	Online + Offline
Start Date	30 June 2026	30 June 2026

Fee Structure

Category	Fee
UTKARSH [Class only] Cohort — 150-Hour Course	₹ 5,500
UTKARSH [Mentorship+ Test Series] Cohort — Course + 32 Mock Tests + Mentorship	₹ 8,000
WBCS Mains Test Series 2024 — Online (standalone)	₹ 1,999
WBCS Mains Test Series 2024 — Offline (standalone)	₹ 2,999
APTI PLUS Ex-Students (any programme) — 30% concession	30% off

WBCS Mains Appeared Twice Previously — 40% concession	40% off
State PSC Qualified Candidates — 30% concession	30% off
UPSC CSE / IFoS Mains Qualified Candidates — 100% concession	Complimentary

Seats are limited. The merit list is not.

Every batch that closes is a batch that doesn't get a second chance before the WBCS Mains.
